Start-Up China Winter Program

Supported by the New Colombo Plan

School of ITEE is excited to invite 40 CS, IT, EE and SE students to participate in a four-week innovation and entrepreneurship program based in Dalian, China during the winter break. Sunday 18th June - Sunday 16th July.

Learn how to

- Identify viable entrepreneurial opportunities
- Develop a business plan
- Pitch a business proposal
- Use AI to build innovative software solutions
- Visualise project results

Participants must have

- 4.5 GPA
- Space to enrol in COMP3880 (#2 elective space)
- Anyone can apply!

Concept Development — Prototyping and Validation — Modelling and Analysis
