

# Architectural Skills

*CSSE6400*

Richard Thomas

May 22, 2023

*Quote*

Architecture is the stuff you can't Google.

– Mark Richards *[Richards and Ford, 2020]*

*Quote*

There are no right or wrong answers in architecture—only trade-offs.

– Neal Ford *[Richards and Ford, 2020]*

### *Architectural Design*

Architects use knowledge and experience to analyse trade-offs to design architectures appropriate to the system context.

# Developers – Technical Depth *[Richards and Ford, 2020]*

# Architects – Technical Breadth *[Richards and Ford, 2020]*

### *Definition 1.* Conway's Law

Organisations design systems whose structure is inevitably a copy of the organisation's communication structure *[Conway, 1968] [MacCormack et al., 2012]*.

### *Conway's Law Consequences*

- Business Process Management
- Microservices to reflect organisation structure
- Teams formed around services

*Conway's Law Consequences*

Team insularity – more loyal to team than organisation.

## Conway's Law Issues

- Cross-cutting concerns
  - e.g. Security
- Organisation structure should align with market structure
- Physical location of teams

*Evidenced-Based Software Engineering*

Don't follow fads, seek evidence for good practice.

*Let's hear from an expert*

## Software Engineering's Greatest Hits

**what we actually know about software development  
and why we believe it's true**

**Greg Wilson**
