

Architectural Skills

CSSE6400

Richard Thomas

May 18, 2026

Quote

Architecture is the stuff you can't Google.
– Mark Richards *[Richards and Ford, 2020]*

Quote

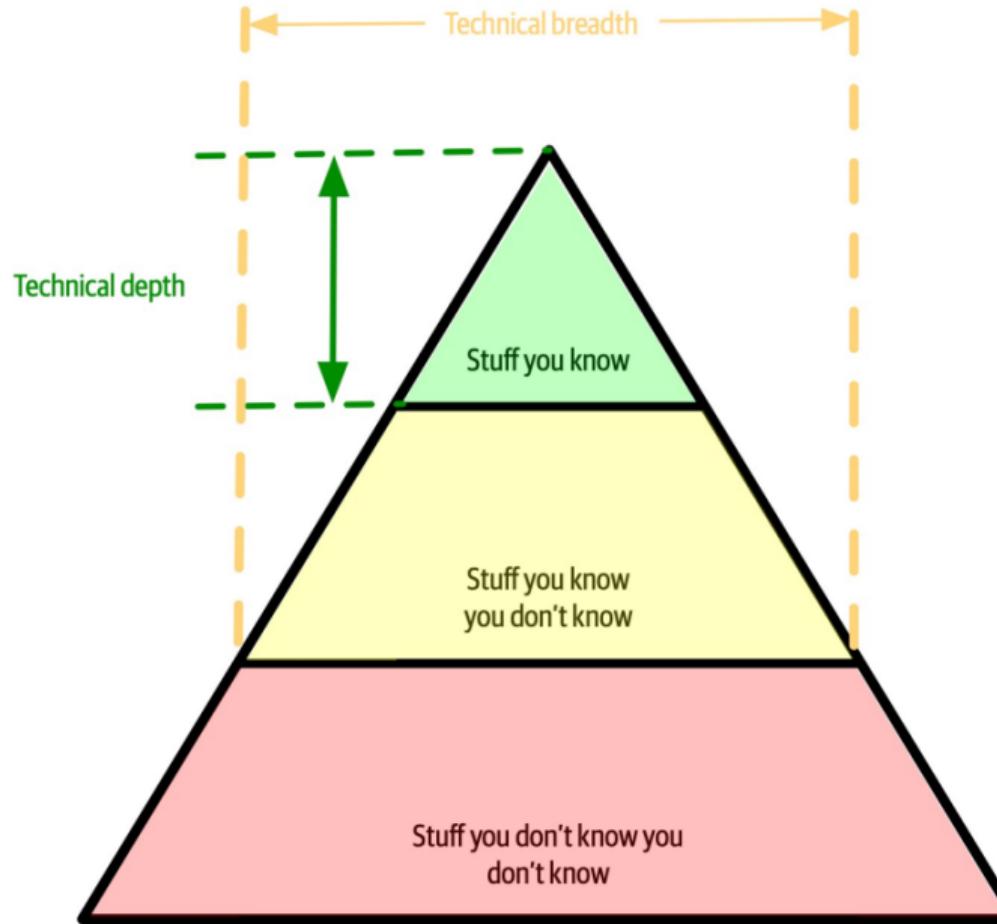

There are no right or wrong answers in architecture—only trade-offs.

– Neal Ford *[Richards and Ford, 2020]*

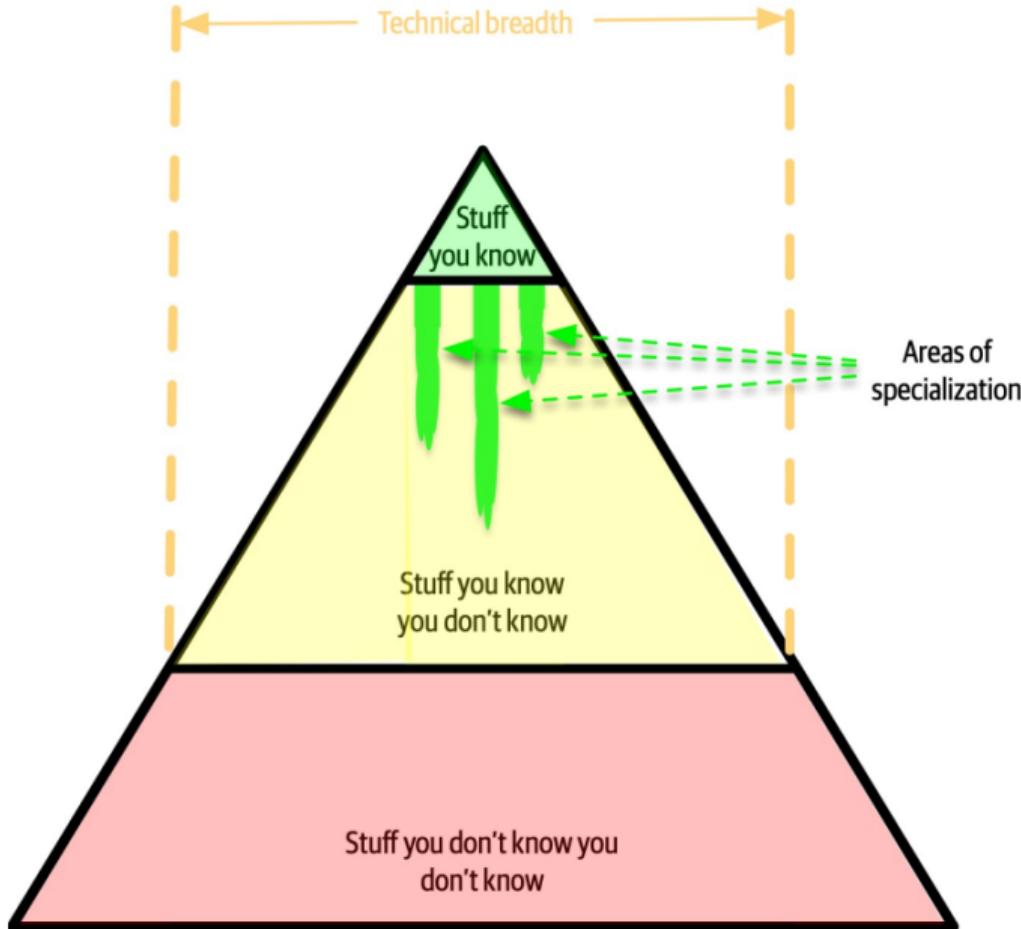

Architectural Design

Architects use knowledge and experience to analyse trade-offs to design architectures appropriate to the system context.

Developers – Technical Depth *[Richards and Ford, 2020]*

Architects – Technical Breadth *[Richards and Ford, 2020]*

Definition 0. Conway's Law

Organisations design systems whose structure is inevitably a copy of the organisation's communication structure *[Conway, 1968] [MacCormack et al., 2012]*.

Conway's Law Consequences

- Business Process Management
- Microservices to reflect organisation structure
- Teams formed around services

Conway's Law Consequences

Team insularity – more loyal to team than organisation

Conway's Law Issues

- Cross-cutting concerns
 - e.g. Security
- Organisation structure should align with market structure
- Physical location of teams

Definition 0. Peopleware [Neumann, 1977]

People involved in development of systems.

– Peter G. Neumann

Stakeholders *[Coplien and Bjørnvig, 2010]*

- End Users
- Organisation
- Customers / Sponsors
- Domain Experts
- Developers

Communication

- Written
 - For those who are not there
- Oral
 - Immediate & interactive

Circumventing Conway's Law [*Woods, 2017*]

- Cloud Platforms
- Microservices
- APIs
- *Culture*

Evidenced-Based Software Engineering

Don't follow fads, seek evidence for good practice.

Let's hear from an expert

Software Engineering's Greatest Hits

**what we actually know about software development
and why we believe it's true**

Greg Wilson
